PRIVATE FORMS & MEDICAL REPORTS

Please read before requesting your GP to complete a form or report.

Our GPs are unable to complete every private form, medical assessment or report. Each request must be reviewed and approved by the treating GP.

ALL PRIVATE FORMS ARE SUBJECT TO GP APPROVAL AND MAY ATTRACT AN ADDITIONAL FEE.

Before submitting your form, please note:

- The GP will decide whether the form is appropriate for them to complete.
- The decision may depend on the type of form, the GP's clinical scope, available medical records and whether an assessment is required.
- An appointment may be necessary.
- Additional private fees may apply. Reception can advise of the fee once the GP has reviewed the request.
- Some forms or reports may not be able to be completed by our GPs.

Please speak to reception before asking your GP to complete or sign any private form.
Thank you for your understanding.

Thank you for helping us provide safe and appropriate care.
